SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, August 5th, there being present P. H. McEvoy, presiding, D. E. Blackburn, W. H. Brown; Jas. T. Casey and Jos M. Francis.

The motorcycle patrolmen reported as follows:

George P. Lowans, First township—Seven arrests, seven convictions; fines $105.

M. F. Brown, Second township—Eight arrests, 14 convictions; fines $235. Five cases pending.

T. A. Martenstein, Third township—Seven arrests, 5 convictions; fines $131.

A communication was received from the Pacific Telephone Company notifying the board that a phone had been installed at the residence of constable Parker at Daly City.

A report was received from Coroner and Public Administrator Plymire showing the disposition of the effects of certain deceased persons.

The report was accepted and referred to the district attorney.

A communication was received from the trustees of Daly City complaining that a charge had been made against that city for street llighting, although Daly City is still included in the Colma Lighting District.

The communication was accepted and the matter referred to Casey.

John O'Farrell applied to the board for a leave of absence for ten days, dating from August 17th.

Granted on motion of Francis, seconded by Casey.

A communication was received from Gen. Geo. S. Evans Relief Corps of Redwood City, asking the usual donation of $50 for the maintenance of the soldiers' plot in Union cemetery.

The chairman stated that for years past it had been the custom to make this appropriation and he recommended that the petition be granted.

It was moved by Brown that the sum of $50 be donated to the Relief Corps, which motion was seconded by Blackburn and carried.

A statement was received from the San Mateo County Development Association, giving a detailed report of the use that had been made of the$2000 that had been set aside by the board for the Development Association for county advertising purposes.

Brown spoke of the good work that had been done by the association and that the money had been carefully expended. He moved that the report be accepted, which motion was seconded by Blackburn.

Chairman McEvoy thought that the association was entitled to the thanks of the board for the good that had been accomplished and Brown included this sentiment in his motion and it was carried.

On motion of Brown, seconded by Blackburn, the sum of $2000 was set apart for the use of the association during the coming year.

A communication was received from A. G. Robertson and N. Fleishman in which they offered to give the roof of the county jail a coat of asphalt paint for $60. The communication was referred to the sheriff.

The complaint of George Roussel against certain water promoters at Belmont, which had been referred to the district attorney, was taken up.

District Attorney Swart rendered a comprehensive report on the matter, which was supplemented by the reading of a Supreme Court decision bearing on the subject. It was Mr. Swart's opinion that the "Belmont Water Company" was not a public service organization, but was formed primarily for the purpose of supplying water to its members. He was of the opinion that it was not under the jurisdiction of the board.

Blackburn moved that the report of the district attorney be accepted. He was seconded by McEvoy and the motion carried.

Mr. Swart also reported on the matter of opening Sylvian avenue at San Bruno which had been submitted to him, holding that the railroad company must provide a crossing at its track if the street is properly constructed up to it. The report was accepted on motion of Casey, seconded by Brown.

School Superintendent Cloud reported that Pharis school district had been unused for three years past. It was now in order to lapse it, which action he would recommend be taken. Mr. Cloud promised to present a report at the afternoon session, apportioning the district to the adjoining districts.

A petition signed by George Gilbert, Henry Gilbert, Enos Ralston and forty-eight others was presented, asking that a road be laid out in the Third and Fifth townships, commencing at a point on the Bear Gulch road near the Burr Gilbert ranch house and running through the lands of Henry, and George Gilbert, Virginia Mill Company, Henry H. Davis, John Ralston, W. W. Ralston, M. L. Neuman, George C. Ross, A. T. Tubbs, John Souza and Kate Ralston.

Enos Ralston was sworn and testified that all of the signatures to the petition, which had been secured by himself, were genuine and all the signers were freeholders.

Blackburn opposed opening the road on the ground that its maintenance would be a burden to his township which could not be borne with his present limited income.

McEvoy favored the new road as the residents in that part of the county were poorly provided with transportation facilities and are obliged to use private roads.

Mr. Ralston stated that the new road would bring San Gregorio six miles closer to Redwood City. It was of an easy grade. All of the voters of San Gregorio were in favor of it.

On motion of Blackburn, seconded by Brown, the petition was laid over until the next meeting and in the meantime referred to Supervisors McEvoy and Blackburn.

The application of F. C. Bowan and others for permission to establish a hog ranch on Brewer's Island in the Second township, was taken up. Attorney Styles addressing the board on behalf of the applicants.

Judge Fitzpatrick appeared on behalf of the Beresford Country Club and asked that the matter be postponed until the next meeting to give his clients an opportunity to ascertain whether or not the proposed hog ranch will be a public nuisance.

Brown maintained that the public had a right to investigate the matter fully and he moved that it be postponed until the next meeting at which time it would be definitely settled. The motion was seconded by Casey and carried.

Attorney Archer Kincaid and City Councilman C. J. Hynding of Redwood City appeared before the board on behalf of the property owners surrounding the courthouse. Mr. Kincaid stated that the specifications for street work provided by the city called for oil and macadam which would cost per runring foot on each side of the street, $2.40. If the specifications were changed to asphaltum the owners were willing to pay $3 per foot.

Brown was opposed to oil and macadam. He would, however favor asphalt macadam which had been successfully used at San Mateo.

Mr. McEvoy spoke earnestly on the subject. The people had erected a magnificent courthouse and its sorroundings should be in keeping with the building. There was only one kind of pavement and that is concrete and asphaltum. The law permitted the board to construct but one-half of the streets surrounding the courthouse but he would go further and relieve the adjacent property-owners of a part of the burden that would be imposed upon them. Their taxes are heavy enough now and it would be unjust to give them an additional burden.

The other members of the board

agreed with Mr. McEvoy and it was ordered, on motion of Brown, seconded by Casey, that the matter be left in the hands of the chairman with power to act.

E. I. Woodman, representing the County Press Association, presented the following resolution which was adopted on motion of Casey, seconded by McEvoy:

"Whereas, in the past a practice has prevailed whereby some of the orders for books and printing required by San Mateo county officials have been given to agents who are not in the printing business in San Mateo county; therefore, be it

"Resolved, by the San Mateo County Board of Supervisors in regular meeting assembled, that, believing in the principles of home industry, it recommends to the county officials of San Mateo county that all future orders for books or printing needed in their departments be given to printing offices established and doing business in San Mateo county."

Surveyor Neuman stated that a portion of the county road in the Fifth township, near La Honda was in bad condition from frequent washouts. If a bulkhead were constructure at the point named the road would be filled with earth furnished by W. H. Hanson. The bulkhead would cost not more than $500.

Blackburn moved that the report of the surveyor be accepted and that the supervisor of the Fifth district be authorized to proceed with the work at an expenditure not to exceed $500. The motion was seconded by Brown and carried.

A resolution presented by School Superintendent Cloud was adopted on motion of Francis, seconded by Brown, declaring Pharis school district suspended and apportioning its territory to Greersburg, San Gregorio and Higgins districts.

Mr. Swart reported that since reporting on Sylvian avenue he had consulted the Public Utilities act and found that to secure a railroad crossing for a street permission must first be had from the Public Utilities Commission. Mr. Swart was also of the opinion that if it can be established that the "Belmont Water Committee" is a public service body the people of that town may be able to secure relief from the same commission.

Chairman McEvoy complained that George A. Pope in erecting fences at La Honda was encroaching on the county road. On motion of Brown, seconded by Francis, the matter was referred to Mr. Swart

On motion of Francis, seconded by Blackburn, the supervisor of the Fourth district was authorized to employ the surveyor to prepare plans for a culvert.

On motion of the same members, Francis was authorized to employ a motorcycle officer on Saturday and Sunday of each week.

On motion of Francis, seconded by Casey, McEvoy was authorized to purchase 3000 feet of lumber for bridge repairs.

The district attorney reported that he had employed a detective to gather evidence of violations of the liquor and gambling laws. The cost of such service would be about $500 but the fines which would result from such lawbreaking would be at least three times that amount. He stated that violations of the law were gradually becoming less frequent in the county.

A list of the officers for the coming primary election, prepared by the different members, was adopted on motion of Casey, seconded by Brown.

Adjourned to Tuesday, Aug. 6th.

The Board of Supervisors met in adjourned session on Tuesday, there being present Wm. H. Brown, D. E. Blackburn, Jas. T. Casey and J. M. Francis.

Mr. Brown was elected presiding oficer on motion of Blackburn, seconded by Casey.

A petition signed by C. R. Splivalo and others was presented asking the board to take steps to form a highway lighting district at Belmont.

J. N. Murphy was sworn and testified that all of the signatures to the petition were genuine and had been witnessed by him.

The petition was accepted on motion of Blackburn, seconded by Casey, and the date of the election at which the citizens will vote on the proposition was fixed for September 14th, between the hours of 1 and 7 p. m.

The supervisors then met with the advisory board of citizens, L. P. Behrens presiding.

The proposed road bond issue was discussed and it was decided to employ an expert to examine the estimates made by the county surveyor and verify his figures.

It was ordered on motion of Francis, seconded by Blackburn, that the Auditor and Assessor furnish the board with an estimate of the tax rate that would be required for the proposed bond issue of $1,250,000 and that those officers be allowed a clerk at $3 per day to prepare the report.

It was ordered on motion of Blackburn, seconded by Francis, that the clerk notify the supervisors of Santa Cruz county that the board from this county will meet with them on the 17th instant and confer regarding the road proposed to be built by Santa Cruz north to the boundry line of the county.

COUNTY CELEBRATES OPENING OF BIG STATE HIGHWAY WORK

With notable guests in attendance and exercises near Burlingame, the ceremony of beginning the first great link of the state highway for which $18,000,000 from a bond issue voted by the State is now available was held Wednesday.

Burton A. Towne, chairman of the State Highway Commission, P. J. Walker, president of the California Automobile Association, and W. J. Martin, vice-president of the San Mateo Development Association, were the speakers of the day, and the Rev. W. A. Brewer, mayor of Hillsborough and president of the San Mateo Development Association, presided. A public barbecue, which was attended by notables from the Pacific Highway Congress in session in San Francisco, was held. Many from Redwood City also attended the affair, including several of the county officials.

REDWOOD AND SAN MATEO CROSS BATS TOMORROW

The Redwood ball team played the best game of the season last Sunday against the Pall Malls of San Francisco, winning by a score of 5 to 3. The strong stick work of Turner for the home team featured greatly in the run getting, as did the brilliant fielding of Derknight in the right. The victory Sunday evens up the old score, as the Billardists already have a strong victory over Redwood to their credit this season.

But, look what's here, boys. Next Sunday, San Mateo vs. Redwood. That all important event will be pulled off next Sunday on the home grounds. Everybody should go and root the boys to victory. The Redwood boys believe that they have the strongest team that has ever tangled with the boys from up the peninsula and they expect to take them into camp. On past dope the teams figure about even, so a good game is expected. Owing to the arrangement with the San Mateo management, all adults will be charged 25 cents and children 15 cents.

LOCAL FORESTERS COURT HOLDS MONSTER INITIATION

Court Madrone No. 158, F. of A., initiated a class of forty-three candidates Thursday night. This is probably the largest number of initiates which has ever gone into an organization at one tme in Redwood City. This acquisition puts the membership of Court Madrone well over the 200 mark and as there is in the neighborhood of $8000 in the treasury the Court is in splendid condition. Judge J. J. Quinn of Oakland, Grand Chief Ranger and Mr. S. Alexander, grand organizer, were both present and made speeches which were both instrucive and inspiring. Delegations were present from Palo Alto and San Jose and local and visiting bretheren offered remarks for the good of the order. At the close of the meeting the members and visitors adjourned to the Eureka restaurant where a sumptuous hrepast was served and thoroughly enjoyed.

Many New Citizens.

Out of a class of thirty in the Superior Court Monday, twenty-eigh foreign residents were made citizens. The following are the names of the new voters:

When Women are Not Citizens

In order to set at rest the question of the citizenship of women who are married to unnaturalized foreigners, County Clerk Nash has written to Attorney General Webb and has received a reply to the effect that any American woman who marries a foreigner shall take the nationality of her husband. At the termination of her marital relations she may resume her American citizenship. This is in accordance with an act of Congress and the law has been sustained by the United States courts. It might be added that a woman so married becomes a citizen as soon as citizenship is granted to her husband.

Death of Thomas Bullock

Thomas Bullock, the father of ex-District Attorney J. J. Bullock, died quite unexpectedly at his home at Santa Clara Thursday, following a stroke of paralysis. Mr. Bullock was 73 years old and had been a respected resident of Santa Clara for 30 years. He is survived by his wife and nine children.

ARCHBISHOP RIORDAN URGES WOMEN TO ENTER POLITICS

The following communication was sent by Archbishop Riordan yesterday to all the priests of the diacese. It urges all women to register, The letter is self explanitory.

Rev. and dear Father—While our Catholic people, with the high idea's which the church holds before them, ought to be models of right living, and exemplars of the highest Christian virture, they should also possess a high degree of civic virtue.

The enjoyment of the privileges and blessings of citizenship impose corelative dutles and obligations which no citizen should ignore. Among these duties the chiefest is is voting. Especially is this true in a country with our form of government, in which a vote has but an arithmetical value. Majorities rule, both in making the laws and in choosing our officials; hence it is clear that the stability of our government depends ultimately upon the civic and moral virtues of its ndvdual citizens.

Our Catholic people, therefore, should be not only law abiding citizens, but should take part in the making of the laws under which they live, and in the election of officers worthy to administer the laws when made. This is true for women as well as for men.

In California Wonan's Suffrage is now an accomplished fact. Women ought not, therefore, to permit their traditional love for the virtues of the home, their innate dignity and becoming reserve to prevent them from discharging the chiefest of civic obligations. I wish, therefore, you would take a seasonable opportunity of advising our new electors to register, that they may be at all times prepared to givetheir services in making California a model State, and of handing down to the children that come after them a tradition of righteousness, and of unselfish patriotism.

Yours sincerely in Christ,

PATRICK W. RIORDAN,
Archbishop of San Francisco.

IN MEMORIAM.

To the officers and members of Metamora Tribe, No. 24, Imp'd O. R. M.:—We, your committee appointed to draft resolutions of respect to the memory of our deceased brother, Past Sachem, G. J. Liguori, who departed this life on the 3d sun of Sturgeon Moon, G. S. D., Common Era, August 3, 1912, beg leave to submit the following:

Whereas, Kischa Manitou, the Supreme Ruler of the universe in his infinite wisdom has seen fit to call the spirit of our dearly beloved Brother Liguori, from our midst.

Whereas, A loving wife is left to trail the forest of life mourning the departure ot this dear one.

Therefore, Be it resolved that we the chiefs and members of Metamora Tribe, No. 24, Imp'd O. R. M., extend to the family of our deceased brother our deep and heartfelt sympathy in their hour of bereavement. And be it further resolved that as a token of sorrow our charter be draped for a period of thirty suns, and that a copy of these resolutions be sent to the wife of our late brother, and these resolutions be spread on the records of the tribe, and to publish same in our local papers, the Redwood City Democrat and Times-Gazette; also to send a copy to the Redmen's journal, The Insignia.

Respectfully submitted in F. F. and C.

CITY TRUSTEES IN REGULAR SESSION

Proposal to Change Name of Mound Street Introduces Perplexing Problem

Mayor Merrill having returned from his summer vacation, a full board was present at the regular meeting of the city council on Monday evening. While but little in the way of general business came up for consideration, several matters of more than usual public interest were given thorough discussion.

In addition to urging the adoption of an ordinance requiring the muzzling of dogs, the city health officer, Dr. J. L. Ross, reported verbally the results of his investigation of a number of local sanitary conditions and suggested possible remedies. In company with Street Superintendent Dickey, he had investigated complaints of disagreeable conditions under one of the bridge leading from the County road near the Saunders property. This was found to be due to a depression left by the contractor under the bridge, which has caused the collectionof stagnant water, and which was now being remedied. Another source of complaint was the collection of stagnant water in that portion of the old Hooper property adjoining the railroad tracks and now the property of the Southern Pacific. Dr. Ross suggested that some means be found for draining this place, both as a general protection to public health of the neighborhood and as a step in the war against the mosquito. As at least a portion of this work must be done by the Southern Pacific, Mayor Merrill was requested to make an effort to secure the cooperation of the railway engineers with the city authorities.

While no definite action was taken on the petition asking that the name of Mound street be changed to Main, which came up as unfinished business from the last meeting, some progress was made toward a settlement of what promised to be a somewhat perplexing problem. While there was an evident difference of opinion as to the most suitable name for the street, it was generally admitted that there should be one designation for the entire thoroughfare. Admitting that the petition was the result of his instigation, Trustee Deleau urged that there should be no unnecessary delay in a settlement of the question. With the use of two names for what was in reality one continuous street, visitors and recent settlers were subject to constant confusion. When the petition which was circulated at his suggestion, was being presented by J. J. Read, his business partner, not a single property owner had been encountered who had made objection to the proposed change. Since then he had been informed that a few residents desired to retain the name of Mound for sentimental reasons. If this were the case, and business men on Main street could be induced to agree, he would not object to the changing of the name of Main to Mound and thus accomplish the only object he had in view, the avoidance of confusion. As it seemed a difficult matter to decide upon an accpetable change, action was again delayed until the next meeting, that some means may be found of securing a general expression from those interested.

Trustee Hynding reported that he had secured an agreement with the Board of Supervisors which seemed to present a satisfactory settlement of the character of paving to be used on the streets surrounding the courthouse. By the terms of this agreement, which had been officially sanctioned by the Supervisors, the three blocks in question are to be paved with concrete and asphalt, similar to that of Broadway, for their entire width. For this improvement private owners of abutting property are to be assessed at the rate of $5 per front foot, while the entire remainder of the cost is to be paid by the county. While private owners must sign individual agreements with the contractors, all had agreed that the change was acceptable, as providing a permanent improvement at a very moderate cost.

The city attorney reported that the bonds covering the recent issue of $25,000 had been delivered to the purchaser and the money paid into the city treasury.

Street Superintendent Dickey was given authority to employ an inspector for the work of street improvement now under way.

Chairman Merrill announced that under the law the trustees would be required to meet as a board of equalization next Monday morning at 10 o'clock. It is probable that the meeting at that hour will be simply for formal organization and that consideration of business will be deferred until an evening session.

An adjourned meeting of the council will be held next Monday evening.

St Peter's Church Services.

For tomorrow, the tenth Sunday after Trinity, the services at St. Peter's church will be as follows: Holy Eucharist at 7:30 a. m.; Matins and sermon at 11 a. m.; Vespers and address at 8 p. m.; The Sunday school meets in the morning at 10 o'clock and the League of St. John in the evening at 7. The address at the Vesper service will be a continuation of the rector's series of talks on "Characters of the Old Testament, the subject being "Abraham." The offering at the morning service will be for Missions. Bishop Nichols desires especially that all parishes promptly meet their apportionment for missions and the rector is desirous that the entire amount apportioned to St. Peter's be raised at this service.

Woodside Prorerty Changes Hands.

It was reported yesterday that the Neuman place consisting of thirty acres at Woodside had been sold to Andrew Welch, the San Francisco millionaire. It is said the sum of $40,000 was paid for the property. Mr. Welch is a brother of A. J. Welch of Portola. He intends erecting a fine home on the sloping hillsides. Mr. Welch has also bought the twelve adjoining acres belonging to Paul Demartini of this city.

JURY FINDS PARR GUILTY CRIME OF MANSLAUGHTER

Ross Parr, an oil man of Halfmoon Bay charged with murder for the fatal stabbing of Shirley Henry at Lobitos two months ago, was convicted of manslaughter by a jury in Superior Judge Geo. H. Buck's court Thursday afternoon. The jury made a recommendation of mercy.

Parr stabbed Henry 18 times after the two had engaged in a brawl, in which each made threats against the other. After the killing Parr escaped in an automobile truck and was captured at Coalinga several days later. He made a plea of self defense.

Parr will be sentensed Monday afternoon at 1:30 o'clock. The penalty for manslaughter as perscribed by the code is one to fourteen years in the state penitentiary. Owing to the recommendation made by the jury it is believed that the court will not give a heavy sentence.

H. W. Parr, superintendent of the hHigh Gravity Oil Company and a brother of the convicted man, filed a complaint with Clerk Jos. H. Nash of the board of supervisors asking that the liquor license of Marshall's roadhouse be revoked. The killing of Henry took place at the roadhouse and the complaint alleges that the proprietors of the resort are violating the law in the indiscriminate sale of intoxicants.

Wants Republican Nomination.

W. H. Hooper, in a card in another page of this paper, announces his candidacy for the Republican nomination for supervisor of the Third township, subject to the primary election to be held on September 3d. Miss Rose B. Parker passed away July 27th and was buried in Santa Cruz July 31st. She was born in Maine and came to this county 35 years ago. For the past twelve years she lived with C. L. Littlefield, her nephew.

J. A. Harvey is now using his auto stage between here and Santa Cruz and will do away with horses. It only takes him three hours to make the run from Santa Cruz with a load, and it is a nice, pleasant drive instead of an all day trip as formerly. Passengers now arrive in town in time for dinner and do not feel all worn out from the ride. This result was really brought about after Mr. Harvey became supervisor of Santa Cruz county a little over a year and a half ago, when he had the roads changed, graded, and the grades reduced so teams and autos can now drive over his road easily and with pleasure, the steepest grade he has being about 6½ per cent.

Dr. Blackburn is going in with J. A. Harvey and will make a nice grade from Waddell beach up into San Mateo county where the steep hill is, coming up from the beach. The Doctor informs us that he will grade and turnpike the road from the beach up the coast to Pescadero so that you can travel at all times of the year and not have to go in the mud any more. Let the good work go on, Doctor, you are all right.

CITY HEALTH OFFICER IS MUZZLE ADVOCATE

Dr. J. L. Ross Backs Plea for Protective Ordinance With Array of Statistics

If the advice of Dr. J. L. Ross, the city health officer, is followed, and from the expressions of the trustees at the meeting of the council Monday evening it likely will be, Redwood City will soon by law compell the muzzling of all dogs permitted to run at large or out of the immediate supervision of their owners. And the muzzles to be used will be effective for the purpose intended, not merely an excuse or evasion of a law intended for the protection of innocent people.

In a lengthy oral statement, bristling with facts and statistics, Dr. Ross called the attention of the city authorities to what he considered an urgent need of precaution, and to the necessity of a municipal law to govern the situation. Before presenting the sanitary view point of the problem, Dr. Ross called attention to the fact that a preponderence of legal opinion was to the effect that an ordinance of the county was inoperative within the city limits and that effective safeguarding could only come through the enactment of a city ordinance. That Dr. Ross was convinced of the necessity of immediate action was made evident by the array of facts and figures which he presented. From the records of the State Board of Health and the health department of the City of Berkeley, Dr. Ross cited statistics indicating that rabies was distnctly prevalent in the southern and central portions of the state, but that in some sections the danger of infection was increasing. He also cited facts which controvert the prevalent idea that the danger is one incdient to the summer months, showing that numerous cases of infection among dogs had been authenticated during the winter months. He also stated that the State Board of Health was insistent in urging the general adoption of laws requiring that all dogs be muzzled effectively, and that the same authority recomended the use of the wire, or "basket" muzzle. That the state health authorities consider the danger from rabies to be a real one is indicated by the fact that a number of stations for precautionary treatment have been established, and that while the expense of treatment to those who can afford to pay was considerable, arrangements had been made for the treatment of those unable to bear that expense without cost upon a cerificae from the proper local authoritie.

Discussion which followed, and which was quite full, indicated that generally the trustees were convinced from the report of Dr. Ross that effective actionshould be taken without delay. The only objection voiced was by Trustee Hynding, who, while admitting the danger, was inclined to object to the use of the muzzleing devises now in use as presenting many elements of cruelty to the animals upon which they are used. Attention was also called to the fact that failure to enforce the ordinance of the county would tend to nullify the protection sought by an ordinance of the city even if local residents were required to obey the law implicitly.

Trustee Deleau was inclined to favor immediate action and the passage of an effective, even if drastic, ordinance. While he would favor giving owners of dogs sufficient time to become accustomed to the provisions of the law, after a reasonable time it should be rigidly enforced, especially as to the punishment of persons who failed to obey the ordinance. Trustee Hahir, while expressing the opinion that difficulty would be found in the enforcement of an ordinance of this character, favored action upon the advice of Dr. Ross and suggested that a muzzle might easily be constructed, which, while entirely effective in preventing any dog from bitting need have none of the intimated elements of cruelty.

After voicing his approval of the suggestions of Dr. Ross, Trustee Sampson ended the discussion with a motion directing the city attorney to prepare a draft of an ordinance outlined by the trend of the discussion.

LOCAL WOODMAN CAMP TO HOLD "LOG ROLLING"

The big county "log rolling" which will beheld at Odd Fellows' hall this Saturday evening under the auspices of Embarkadero Camp, promises to be the biggest event in the history of the Woodmen of the World in San Mateo county. Every Camp in the county will be represented in the big gathering, and it is expected that about 50 condidates will be initiated into the Order. The work will be put on by the crack drill team and staff of officers of Tamalpais Camp of San Francisco. After the ceremonies the visitors and candidates will be entertained at a banquet givenby the members of Embarkadero Camp.

were present, accompanied by their parents. All had a delightful time romping around the spacious grounds, enjoying games and the good things provided by the little hostess.

The well-stocked hen roost of W. P. Glynn was invaded one evening last week and robbed of its feathered beauties. A dozen Plymoth Rocks were taken besides several broilers. The theft was not the work of tramps but of night prowlers who, unfortunately reside here and cause their neighbors all sorts of annoyance. The parties are known and it would not be surprising if some sensational arrests were made in a few days.

FRISCO POLICE CHIEF BARELY ESCAPES SERIOUS CHARGES

D. A. White, chief of police of San Francisco was in Menlo Park Sunday, visiting his friend Father Hannigan. On his way to the city in the evening heb arely escaped arrest by one of his own officers. That morning it seems a serious automobile accident had happened near the county line and the machine responsible had sped away south before it could be identified. The officer was watching for its return. The machine in which the Chief rode resembled the fugitive's. The officer not recognizing the chief examined his machine and gravely informed him he escaped arrest only because his machine bore no dent or recent scratches. The chief was very thankful and resolved never again to ride, save in a brand new machine. As he was leaving, the chief asked the number of the officer's star, made himself known and congratulated the officer on so well attending his duty. One patrolman of San Francisco is feeling particularly chesty just now and is having nightly dreams of rapid promotion.

On the evening of Thursday next, the Feast of the Assumption, a special service will be held at the Church of The Nativity, Menlo Park. During the services a sermon, instructive of the Catholic doctrine of The Assumption, will be preached.

Menlo Park News Notes.

George Blanchard, who opened a butchershop here a few months ago, has closed the market and returned to San Francisco. He discovered that the butcher business in Menlo Park was unprofitable.

Several flocks of wild ducks were seen flying over Menlo Park three evenings during the week. This flight of the birds at this season of the year is a certain sign of an early winter. TheIndians always understood the omen and immediately prepared for an early rainy season.

Mrs. Abbie Krebs has completed the installation of an elaborate heating system at her home at Atherton. By the system the green houses and the home is heated. Mrs. Krebs left yesterday for the city and her son and his wife have come down from the metropolis to spend the remainder of the season.

Roland Midgley has commenced a course of study in the Wilmerding school in San Francisco. He is preparing himself for an electrical engineer and will take a full course in the department of the school. The young man will reside in the city. He is a bright lad, studious, painstaking and attentive and will make a success in his chosen profession.

THE TRUTH ABOUT THOSE DELEGATES

Roosevelt Contests Instigated to Deceive the Public.

CONTESTED DISTRICT DELEGATES.

ALABAMA.

Ninth District.

The Ninth Alabama contest turned on the question whether the chairman of a district committee had power to fill vacancies, whether a committeeman who had sent his resignation to take effect only in case he was not present, being present, should be prevented from acting as committeeman, and, third, on the identity of another committeeman. The written resolution under which the right of the chairman to appoint to vacancies was claimed showed on its face that the specific authority was written in in different writing and different colored pencil between the lines. A number of affidavits were filed by committeemen who were present when the resolution was passed to show that the resolution contained no such authority. This gave rise to a question of fact upon which a very large majority of both the national committee and the committee on credentials held that the lead pencil insertion was a forgery, that the chairman did not have the authority therefore to appoint to the vacancies, and therefore the action of his committee was not valid. This made it necessary to reject the contestants. The committee decided the two other issues of fact before them in favor of the Taft contention, although the first decision was conclusive.

ARKANSAS.

Fifth District.

In the Fifth Arkansas the question was one of the identity of one faction or the other as the Republican party. This convention followed the example of the convention of 1908 in holding that what was known as the Redding faction was not the Republican party, that it was a defunct organization and had only acquired life at the end of each four years for the purpose of using it in the national convention. The contestants were therefore rejected. It was shown that the other or Taft had been in active existence as the Republican party, had nominated a local ticket and had run a congressman.

CALIFORNIA.

Fourth District.

The Fourth California presented this question: Under the state law the delegation, two from each district, was elected on a general ticket, in a group of twenty-six. Each delegate might either express his presidential preference or agree to vote for the presidential candidate receiving the highest number in the state. In the Fourth district the two candidates from that district on the Taft ticket expressed a preference for Taft, but did not agree to vote for the candidates having the highest state vote. These Taft delegates in the Fourth district received a majority of 200 more than the Roosevelt delegates in that district. The national call forbade any law or the acceptance of any law which prevented the election of delegates by districts. In other words, the call of the national convention was at variance with the state law. The state law sought to enforce the state unit rule and required the whole twenty-six delegates to be voted for all over the state, assigning two to each district on the ticket to abide the state wide election, while the Republican national convention has insisted upon the unit of the district since 1880. That has been the party law. This convention recognized the party law and held it to be more binding than that of the state law and allowed the two delegates who had received in the Fourth district a vote larger than their two opponents assigned to that district, to become delegates in the convention. This was clearly lawful, for a state has no power to limit or control the basis of representation of a voluntary national party in a national convention. The fact that President Taft by telegram approved all the twenty-six delegates as representing him is said to be an estoppel against his claiming the election of two of those delegates in their Fourth district. What is there inconsistent in his approving the candidacy of all his delegates and the election of two of them? Why should he be thus estopped to claim that part of the law was inoperative because in conflict with the call of the convention?

INDIANA.

Thirteenth District.

In the Thirteenth Indiana there was no question about the victory of the Taft men, because the temporary chairman representing the Taft side was conceded to have been elected by one-half a vote more than the Roosevelt candidate. This one-half vote extended through the riotous proceedings, and although it was not as wide as a barn door it was enough. The chairman put the question as to electing the Taft delegates, and after continuous objection lasting three hours declared the vote carried. The Roosevelt men thus prevented a roll call and then bolted.

To Please the Palate
is our aim in serving meat—to retain the fine flaver Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.
